THE UCLA CHANCELLOR'S CENTENNIAL SCHOLARS MATCH

UCLA Chancellor Gene Block has dedicated $50 Million to inspire others to give to funds that meet the following criteria:

- **Gift purpose**: must support endowments that are specifically designated to support undergraduate scholarships at UCLA.
- **Gift size and matching**: gifts of $75,000 to $1 million will be matched at 50 percent. For example, a $100,000 gift automatically becomes $150,000.
- **Ways to give**: Only cash gifts and pledges (maximum of five years) will be matched. UCLA's match will be applied when the full gift amount designated has been received.
- **Availability**: Funds are available on a first-come, first-served basis. The match will end June 30, 2017 or when the $50 Million are spent.

WHY INVEST IN THE UCLA INTERNATIONAL INSTITUTE

Being the hub for anything global at one of the most renowned and socially diverse public universities, the UCLA International Institute aims to make area studies and studying abroad attainable for each student. We have seen many times: the most effective peace agents, international business leaders or foreign ministers raised at UCLA were the ones who have learned to respect foreign cultures by immersion in them.

To that end, we have committed to dramatically increase funding for student support. Our goal is to raise $20 Million in student support by 2020 and dedicate it exclusively to adding an international experience to a UCLA student’s otherwise already outstanding education. Imagine how many students’ lives will be irreversibly changed by being immersed in a foreign culture – often for the first time. The estimated annual payout of $900,000+ (year 1) will be a game changer and ensure access to an international education in perpetuity. With your help, the matching program lets us reach our goal even faster.

INVESTMENT PRIORITY

Depending on the specific needs and other funding sources in any given year, priorities may vary greatly. We therefore aim to increase the UCLA International Institute’s Student Support by establishing as many of the funds listed below as possible. However, a broader “UCLA Global Centennial Scholars Fund” is our priority since it combines the matching opportunity with support of an international education in an unprecedented way.
