If you are a student who is planning to travel internationally as part of a UCLA educational program, please carefully review the following guidelines, and avail yourself of the resources highlighted:

**KNOW BEFORE YOU GO**

Accidents and random instances of violence can happen anywhere in the world and may be difficult to prevent. Nonetheless, being well-informed and taking common sense precautions may reduce the level of risk, although they are not a guarantee.

**Learn about the local customs and risks** that you may encounter at your destination by using the UC Trip Planner: [https://ermsp.ucop.edu/uctrip/enterERM.do](https://ermsp.ucop.edu/uctrip/enterERM.do)

**Enroll in the US Department of State’s Smart traveler Program** to receive security updates [https://step.state.gov/step/](https://step.state.gov/step/)

**Be aware of and consider travel warnings** when making travel arrangements to countries with an active US Department of State Travel Warning: [https://travel.state.gov/content/passports/en/alertswarnings.html](https://travel.state.gov/content/passports/en/alertswarnings.html)

For non-immigrant visa and green card holders, we strongly recommend that you (a) consult with your local embassy or consulate prior to traveling to countries with active travel warnings, and (b) obtain emergency contact information for your home country embassy or consulate in the country where you are traveling.

**Organize, bring and safeguard all necessary travel documentation** (e.g. passport and/or visa). We recommend that you make a spare copy of your important documents. Consider scanning and emailing them to yourself, or make two photocopies, leaving one copy with someone at home and keeping the other with you, separate from the originals.

**GET TRAVEL INSURANCE**

Obtaining travel insurance is an essential part of preparing for your trip. If you are uninsured, you may be personally responsible for covering medical or other costs resulting from unexpected incidents or accidents, which can be very expensive.

If you are enrolled in a travel program operated and supervised by UCLA, you are covered by travel insurance, but it is very important to register your trip, so that we can better assist you in an emergency: [https://ehs.ucop.edu/away](https://ehs.ucop.edu/away). Study abroad programs supervised by UCLA’s International Education Office are already registered via this website.

You may purchase travel insurance for personal trips such as the UC Blue and Gold Program [http://www.ucop.edu/risk-services/loss-prevention-control/travel-assistance/personal-travel-program.html](http://www.ucop.edu/risk-services/loss-prevention-control/travel-assistance/personal-travel-program.html) or another travel insurance provider.
